Good Afternoon,

We have received an open records request for "the updated list of titles that have been removed from all five schools." We anticipate that this is about SB 150 and have sought clarification. This is the third such request. We pulled Destiny weeding reports to submit for the other requests, but I know that some of you have amended your list and placed items back in the collection. With that said, please send me a list of all things pulled from your library due to SB 150 or SB 5 by Monday, September 18th at noon so that we can comply with the open record request.

Thanks, Steve

Steve,  
I emailed Mark yesterday concerning the progress I've made on returning the titles to the shelves. It's a slow going process, and they are still not officially in the system. But, I do have a spreadsheet that will reflect what will still be removed once those are returned. I'm assuming that's what you want?

I can have that ready pretty quickly, but I'm wondering what information you want included. Just titles, since that's the request? Or do I need to include any of the following: Author, ISBN, Copyright Date, Cost...anything else?

Yes, The spreadsheet is fine. As long as it accurately reflects only what will be removed "at the end of the day" we should be fine. As long as it has at least the name and author it probably doesn't matter what else is on there.

Good Afternoon,

We have received an open records request for "the updated list of titles that have been removed from all five schools." We anticipate that this is about SB 150 and have sought clarification. This is the third such request. We pulled Destiny weeding reports to submit for the other requests, but I know that some of you have amended your list and placed items back in the collection. With that said, please send me a list of all things pulled from your library due to SB 150 or SB 5 by Monday, September 18th at noon so that we can comply with the open record request.

Thanks, Steve

These titles are OK to put back on the shelves per SB 150 and 5 unless you are seeing something we did not. I do see 2 titles in Destiny that need to be pulled from circulation. Fred Gets Dressed and Aaron Slater, Illustrator.
